Christopher Bellamy Named to Community Foundation of Lorain Board

Cleveland, OH – Chris Bellamy, a partner in Westlake-based Cohen Fund Audit Services, has been named to the Community Foundation of Lorain County Board of Directors. His term is effective January 1, 2012.

The Community Foundation connects people to causes in Lorain County and adjacent areas in three primary ways: turning donors' charitable wishes into permanent legacies, investing in the community via strategic grant-making, and serving as a leader to identify needs within the community and then mobilize the resources to address them.

Bellamy stated, "Working with the Community Foundation has provided a platform for me to reach out to my community. Now, being honored with a seat on the board, I am anxious to start working and explore the opportunities for the Community Foundation next year."

About Cohen Fund Audit Services

Cohen Fund Audit Services, Ltd. (www.cohenfund.com) provides audit and tax solutions for mutual funds, hedge funds, broker/dealers, investment advisors and service providers. Headquartered in Westlake, Ohio, the firm has a national client base and has established itself as a focused, experienced, responsive provider of services within the investment company industry. The firm, in conjunction with its related company Cohen & Company, Ltd., is consistently recognized as one of the fastest-growing privately-owned companies in northeast Ohio and in the U.S.
